**Refrigerated display cabinet with suspended aggregate, which can perfectly meet the requirements for food storage, but also complement the design of the establishment with its classic shape, so it can be placed in all interiors of catering establishments. A sophisticated cooling system with automatic defrosting keeps all presented food fresh and dry for a long time.**

#### **DOUBLE GLAZING**

reduce energy consumption, reduce condensate formation, which contributes to better visibility of presented products

#### **USE OF ENVIRONMENTALLY FRIENDLY REFRIGERANTS**

higher energy efficiency of cooling systems significantly reduces the environmental burden

#### **LED LIGHTING**

ensures visibility of the products on display

#### **EASY ACCESS TO THE DISPLAY CASE**

trouble-free maintenance and easy operation

**SPECIAL DESIGN OF THE BAKER** creates a stable environment and significantly extends the shelf life of stored food

## Designed for:

- cafés
- patisseries
- bakeries
- food outlets
- delicatessen
- grocery stores
- fast food restaurants
- bistros, corporate, school or hospital canteens
- restaurants
- and more

Service variant, operator's view

Self-service variant, customer's view
