Refrigerated display cabinet with suspended aggregate is designed to be built into the counter. It combines a modern look with a long tradition. Its innovative design makes it suitable for all interiors of catering establishments. Both the interior of the display case and the upper stainless steel surface can be fully used for the presentation of the displayed products. The displayed goods are spectacularly illuminated by pleasant LED lighting.

DOUBLE GLAZING

reduce energy consumption, reduce condensate formation, which contributes to better visibility of presented products

USE OF ENVIRONMENTALLY FRIENDLY REFRIGERANTS

higher energy efficiency of cooling systems significantly reduces the environmental burden

LED LIGHTING

ensures visibility of the products on display

EASY ACCESS TO THE DISPLAY CASE

trouble-free maintenance and easy operation

SPECIAL DESIGN OF THE BAKER creates a stable environment and significantly extends the shelf life of stored food

Designed for:

- cafés
- patisseries
- bakeries
- food outlets
- delicatessen
- grocery stores
- fast food restaurants
- bistros, corporate, school or hospital canteens
- restaurants
- and more

Service variant, operator's view

Self-service variant, customer's view
