Refrigerated display cabinet with the aggregate located in the right or left part of the display cabinet. Both the interior of the display case and the upper stainless steel surface can be fully used for the presentation of the displayed products. It is a type of table display cabinet designed for direct placement on the counter. It is easy to move and therefore also suitable for stall sales, e.g. at markets or festivals.

DOUBLE GLAZING

reduces energy consumption, reduce condensate formation, which contributes to better visibility of presented products

USE OF ENVIRONMENTALLY FRIENDLY REFRIGERANTS

higher energy efficiency of cooling systems significantly reduces the environmental burden

LED LIGHTING

ensures visibility of the products on display

EASY ACCESS TO THE DISPLAY CASE

trouble-free maintenance and easy operation

POSSIBILITY OF OWN CHOICE OF AGGREGATE LOCATION - right/left

SPECIAL DESIGN OF THE BAKER creates a stable environment and significantly extends the shelf life of stored food

Designed for:

- cafés
- patisseries
- bakeries
- food outlets
- delicatessen
- grocery stores
- fast food restaurants
- bistros, corporate, school or hospital canteens
- restaurants
- and more

Self-service variant,
customer's view

Service variant,
operator's view
